WRITING

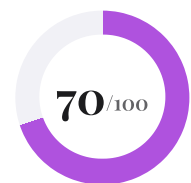

≈ 150 words

What's in the test

PART	WHAT YOU DO	POINTS	TIME*
Listening	Listen to a recording and answer 10 questions: match each speaker to their advice, then true or false.	10	10'
Reading	Read a text (about 560 words) and answer 10 questions with words from the text: 1–4 short answers (no more than three words and/or a number), 5–7 complete sentences (no more than two words), 8–10 complete a summary (one word only).	20	20'
Vocabulary	1–5: find a word or short phrase in the text for each meaning. 6–10: word formation — change the word in CAPITALS to fit the sentence (e.g. HELP → helpful).	10	5'
Grammar	Complete 20 sentences with the correct form of the word(s) in brackets. You may need more than one word (e.g. have been waiting).	20	10'
Writing	Write an article for a magazine or website — about 150 words. Answer every point in the task.	40	20'
*Suggested time. Keep the last 5 minutes to check your answers.		100	70'

How your answers are marked

- ✓ The test is on paper, in class. Write your answers clearly on the test paper — your teacher marks it.
- ✓ **Spelling counts.** A misspelt word can lose the point — in grammar the form must be exactly right.
- ✓ Short and full forms are both correct: *didn't* = *did not*.
- ✓ Write only the missing word(s), not the whole sentence. "No more than three words" means three at most.
- ✓ Your teacher marks the writing: 4 criteria × 10 points.

To pass, you need **70 points out of 100.**

The writing task

Article for a magazine or website

≈ 150 words · 40 points

10 POINTS EACH

Content — every point of the task is answered.

Vocabulary — a range of words from these units, spelt correctly.

Organisation — paragraphs, linking words, a clear start and end.

Grammar — correct tenses and forms, including the grammar above.

Before the test

- 1 Revise the grammar and vocabulary of Units 7–12 — in your Navigate B1+ coursebook and workbook.
- 2 Take the practice test “**Final Practice**” on the Sevenine platform. Same parts without listening — you can take it any time.
- 3 Learn how to spell the new words — spelling counts.
- 4 Practise writing an article for a magazine or website of about 150 words in 20 minutes.

During the test

- 1 Read every instruction: how many words to write, and which paragraph to look in.
- 2 Reading questions use other words (synonyms). Find the same idea in the text, then copy the words exactly.
- 3 In grammar, look for time words (*yesterday, since, next week*) — they tell you the tense.
- 4 Don't leave a gap empty — a good guess can still get the point.
- 5 Writing: plan for 2–3 minutes, answer every point, then check spelling and tenses.

Good luck!
